National Coin Week - 1983

Dear Mr. Winners,

This year again, Wideband Corp. will participate in National Coin Week. Posters have been posted in each department with notices about National Coin Week-1983.

I will be holding on Wednesday afternoons in our company lounge during lunch time, talks about NCW, about coins in general, and I will be asking fellow workers to bring in some of their coins and medals for identification, etc.

I will also be bringing in exhibits on coins, paper money, medals, etc. and will leave them here on display for all workers to see and enjoy, and answer any questions that they may have.

I have asked everyone here to give me a list of names of their children from the ages of 8 to 17 years old, and I will be sending them coin books and literature for them to read, and also I will be sending them an invitation to my upcoming Young Numismatist Program at the Metropolitan New York Convention in March.

Last year I have had four workers from here join the ANA, and also join our local coin club, and they have been very interested, and will help me for NCW at our company.

I also have seven juniors from families here who have been very active in 1982 at my Y.N. Programs, three of which have put together coin exhibits, and also have taken awards with their exhibits.

My goal for National Coin Week is to educate and promote numismatics to my fellow workers, but more than that, is to get their children interested, so I can work with them, and invite them to my

Y.N. Programs that I hold. These are the future coin collectors of tomorrow, and I feel that each one of them is very important to keep our hobby going. The future of numismatics depends on them. I have a special shelf in my office with books, pamphlets and all kinds of numismatic literature, that I ask everyone to help themselves, and bring something home to their children to read.

My office is always open to answer all questions to anyone here at work, and it is very interesting to see how many are interested in learning about coins, especially the women.

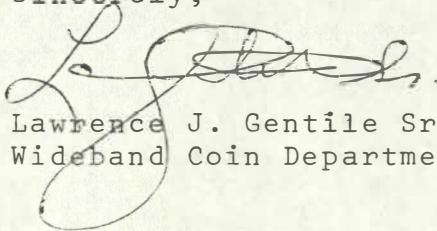

We have approximately 100 workers here at Wideband, and I am trying to reach everyone of them. Since I have been working here, I have recruited two life members to the ANA, three regular members and five junior members, all from Wideband, and I am trying to get many more members to the ANA, all I need is time.

I am very happy again to participate in National Coin Week, and I will also be involved with NCW with my coin clubs that I belong to. As an ANA District Rep., I will be traveling around to other clubs, to talk about NCW.

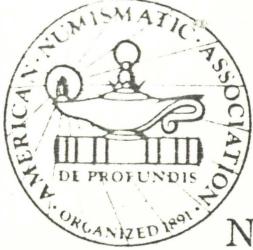

Best regards to you, and hope that NCW-1983 will be bigger and better than every before. Thank you also for keeping NCW alive and strong. You have inspired me and so many others to do our part for NCW, and we will not fail you.

With all best wishes for a healthy and happy 1983 to you, and to your family.

Sincerely,

Lawrence J. Gentile Sr.

RE : NATIONAL COIN WEEK

This week, all of us here at WIDEband will celebrate National Coin Week, by viewing the exhibits in the lounge during your breaks and at lunch time.

Please feel free to ask me questions. All the brochures and pamphlets that you will see on the tables against the walls, are free. Help yourself to the ones that you can relate to, and to the ones that you feel your children would appreciate reading.

I would also like to ask you to bring in your old coins, paper money and medals, etc., and I will be very happy to identify them for you if you have trouble doing it yourself. I will also try to give you an approximate value, if you want one. If you would like to identify your coins yourself, you can look them up in the coin books on the table.

Remember, that this whole week I will be at your disposal, so feel free to see me or call me on extension 240. I will also be available during breaks and during lunch.

Many small displays of coins etc. are hanging throughout the building. Take a good look at all of them, if you must remove them from the walls, please remember to put them back in the same places. Please be very careful not to drop any of them.

If you would like to know more about National Coin Week, or if you want any further assistance, please see me
